

COMPANY OVERVIEW

CEP, Civil Engineering Professionals, prides itself on a proactive leadership approach and a highly responsive team. Our self-managed experts are readily available to address any issues or concerns that may arise during project execution. With a firm commitment to staying within the original scope and budget, we excel at identifying and managing challenges early on, leveraging our innovative solutions to ensure smooth project delivery.

Backed by a culture of problem-solving and extensive experience, CEP emerges as a trusted partner and client ally. Our versatile team members are adept at assuming various roles, including Project Manager, Resident Engineer, Documentation Technician, and Inspector, guaranteeing comprehensive project support at every stage.

AWARDS

CEP, along with its dedicated staff, has garnered prestigious awards in both Wisconsin and Illinois for outstanding achievements in project design and construction management. Notable accolades include the 2023 ACEC Award for our exemplary work on the Taylor St projects, the Golden Shovel Award from WisDOT, and recognition with the Minority Business Award. These honors underscore our commitment to excellence and innovation in the civil engineering field, showcasing our ability to deliver exceptional results on every project we undertake.

- ESTABLISHED: March 2016
- CAGE CODE: 7NLT6
- Unique Entity ID for SAM: MA43GFLZS6A5

EXPERIENCE

UTILITIES

Drawing from extensive experience in both managing and working on utility projects, CEP possesses a wealth of knowledge in this specialized field. Our team members bring years of hands-on experience as journeyman professionals, providing us with a unique perspective and a deep understanding of utility operations. This invaluable expertise enables CEP to approach challenges with innovation and creativity, turning obstacles into opportunities for efficient and effective solutions.

TRANSPORTATION

CEP's robust experience in managing projects for prominent transportation authority's such as Metra, IDOT, and ISTHA, alongside numerous county projects, positions us as a valuable addition to any management team. Our proven track record underscores our ability to seamlessly integrate into diverse project environments and efficiently document all aspects of the work. Whether it's coordinating with major transportation agencies or overseeing county-level projects, CEP brings unparalleled expertise to every endeavor, ensuring successful project outcomes.

INFRASTRUCTURE

CEP brings a wealth of expertise to the infrastructure realm, spanning diverse projects such as CTA stations, city streets and sidewalks, as well as the inspection of building facades, elevators, and structural integrity. Our comprehensive experience across various facets of infrastructure positions us as a valuable asset on any project. Whether it's ensuring the safety and functionality of public transportation hubs or assessing the integrity of urban structures, CEP's versatile skill set and meticulous attention to detail guarantee exceptional results.
